

January 27, 1925.

Mr. R. B. Satterfield, Manager,  
Bear Mountain Supply Company,  
Flemington, W. Va.

Dear Sir:

We are pleased to receive your letter of the twenty-third and it will be a pleasure to serve you. We can furnish you the following assortment of Patented Metal Scrip, without cut-out design:

VALUE	DENOMINATION	PIECES
\$20.00	5¢	400
20.00	10¢	200
50.00	25¢	200
50.00	50¢	100
100.00	\$1.00	100
TOTAL 240.00		1000

COPPER

for the sum of \$45.00, for which you may pay \$22.50 with order and balance on arrival. Or, if you send full cash with order you may deduct 3%.

Please bear this fact in mind, Mr. Satterfield, there is only one Patented Metal Scrip - originated by this Company sixteen years ago. It's the only metal scrip on the market today that guarantees you absolute protection. The enclosed sheet will explain why it does.

There are several splendid uses for Patented Metal Scrip that will appeal to you.

- (1) You can use it for giving credit. There isn't a more simple or safer plan.
- (2) You can use it to pay due bills -- that is, if you take in items like butter and eggs from farmers, pay for these products in scrip.
- (3) You can offer a discount to the customer who buys and pays for the scrip in advance. Many merchants are giving \$5.25 in scrip for \$5.00 cash and in this way they are sure of getting all the cash customers' purchases. That's a big item, isn't it?
- (4) You can also use it as a "Trade Getter". For instance, instead of cutting 5¢ off the price of an article -- give a 5¢ piece of scrip with it at the regular price. That 5¢ piece of scrip will bring that customer back and not

only that, the 5¢ scrip does'nt actually mean 5¢ to you, because you get your profit back on it when it's spent back.

If you cut the price 5¢ you are actually giving 5¢ away and at that it may not be appreciated or bring the customer back. By giving a 5¢ piece of scrip (or any sum you want to give) the customer feels she is getting something for nothing and quite naturally she spends the 5¢ scrip with you. This additional business multiplied by a number of customers is business you in all probability would not get otherwise. Think this over carefully. It's worth your time and thought.

We will be glad to give you further details regarding any one or all of the above suggestions if you wish, and we hope you will give us a chance to serve you. You will never regret using the best and only safe scrip on the market.

We hope to hear from you by return mail and promise you that your order will have our very best attention.

Yours very truly,

J. H. SCHIERLOW,

Dear Mountain Supply Company,  
Flemington, West Va.

Attention. Mr. E. B. Satterfield, Mgr.

Gentlemen:-

We thank you for your valued order of the 4th., calling for Metal-Script. Since the first of April we have been operating under the above name.

Your order call for -

100 Nickels      100 Penns      200 Quarters      100 Halves      50 Dollars.  
Since we do not make up less than 100 Pieces of any one denomination, we shall with your kind permission increase the dollars to 100 pieces, which will make a total of 100 pieces. The total cost of the above lot of metal scrip is \$49.50 less 3% -- NET \$48.01 - Deducting the \$25.00 which you have already remitted, leaves a balance of \$23.01. Please mail us your check for this promptly.

Before completing the order it is necessary that we know whether you are operating an Independent Store or a coal commissary. Because if you are making any advances to employees with scrip, one side of the scrip will require special wording. If you are running an independent store this special wording is not required.

We are enclosing a slip herewith for your convenience- just X along side of COMMISSARY STORE or INDEPENDENT STORE, whichever the case may be and return to us along with your check for the balance due, and we will then shoot the order right through.

In the meantime we will go right ahead with making up the FACE side for the scrip which will read - on the \$1.00 - 50¢ & 25¢ DEAR MOUNTAIN SUPPLY CO. FLEMINGTON, W. VA. On the smaller sizes, namely, 10¢ - 5¢ & 1¢ we will leave off the town name and just put the name- DEAR MOUNTAIN SUPPLY CO. This doubtless will meet with your approval.

Be assured we very much appreciate your order and will certainly give it our very best attention, and if you will let us hear from you at once there will be no delay in shipment.

Very truly yours,

JHS/s

Attention: Mr. Russell Myers.

Gentlemen:-

We are just in receipt of your letter of the fourth and are pleased to enclose herewith one of our circulars.

Patented Metal Strip comes in either Brass, Copper or Nickleled; all on one and the same price. We do not make up less than 100 pieces of a size. The price is \$4.00 per hundred pieces, less 5% if full cash is mailed with order; or 2% 10 days; 40 days net, F.O.B. Dayton, O. When full cash is mailed with order we pay transportation charges.

You may be interested to know that the Bear Mountain Supply Co., bought the following supply, all copper:

100	Pieces	Dollars
100	Pieces	Halves
200	"	Quarters
300	"	Dimes
400	"	Nickels

Total 1100 pieces for \$49.00 This supply is probably just about what you want and represents a good assortment, though you will likely want the Strip made up in either Brass or Nickleled to make it different.

Remember please, there is just the ONE cost and you have a system that will last a business life-time.

We are prepared to give your order immediate attention and we hope you will let us hear from you by return mail in the stamped envelope we are enclosing.

Very sincerely yours,

STORE MANAGER OR BUYER:

The enactment of the Consumers Sales Tax has resulted in an abnormal need and a corresponding demand for PATENTED METAL SCRIP PENNIES. By reason of this fact, we are making temporary special price concessions.

To effect additional saving, many concerns who are using Scrip with a design or letter piercing, are waiving the piercing feature on their Penny Scrip, even though the other denominations are pierced, since by reason of the low face value, no sacrifice of safety, etc., is involved in the elimination of the piercing from this piece.

If you will indicate below, the quantity of Scrip you are interested in, it will indeed be a pleasure to quote you an attractive price.

Gentlemen:

We had a fire Nov. 28th which destroyed our store and office building. We have been using your metal scrip and since the fire wish to change this. In doing this we want to get a different pattern so as to be able to detect the difference in case some of the old scrip is presented. Ours was a brass scrip and round. We think what a metal scrip of a light color and hexagon shape would be suitable.

Will you please send us a description of your scrip and prices on each denomination.

Mr. J. M. Herndon,  
Louisville Coal & Coke Co.,  
Goodwill, W. Va.

Dear Mr. Herndon:

We thank you for your order of the 5th calling  
for 5200 pieces of assorted Patented Metal Scrip.

We will make this up to conform with the West Virginia  
Scrip Law and according to rough sketch herewith showing our  
newest style of arrangement with the letters LCC engraved on  
the face of scrip. This is following the same form as used for  
Winding Gulf Colliery Co's. Scrip and Superior Pocahontas Coal  
Co's. Scrip, and will make you a scrip that will be both dis-  
tinctive and quickly identified.

As instructed we will make up the scrip as follows:

Dollars -- nickeled  
Halves -- nickeled  
Quarters-- brass  
Dimes -- nickeled  
Nickels -- brass  
Pennies -- nickeled

We have proceeded with the order so if any change from  
the foregoing is desired it will be necessary that you wire us at  
once.

Again thanking you for the order and assuring you it  
will receive our very best attention, we are

Gentlemen,

All agreements are subject to strikes, accidents, car supply or delay from causes beyond our control. Orders are not binding on this Company until accepted by the main office. Quotations are subject to change without notice.

We are very sorry to note from your invoice of the 17th that you have expressed our metal script to us at Hamlet, W. Va.

We were very careful to tell your Mr Ingle that our shipping point was Glade, W. Va.

Please trace this shipment at once and find out where it has gone as we do not know of such an express office in the state.

Dear Sir:-

We are just in receipt of yours of the 19th., and regret the misunderstanding as to shipping point. We have just conferred with the Express Company who informed us that in the absence of any instructions to the contrary, shipments addressed to Hamlet, were forwarded to Quinnsmont. We are giving the local express office written instructions immediately to have the shipment forwarded from Quinnsmont to Glade and we are sending a copy of said instructions to the express agent at Quinnsmont. We hope that this will result in expediting delivery.

It may be advisable too, if you can do so, to phone the express agent at Quinnsmont requesting that he be on the lookout for the shipment and forward same to you immediately upon arrival.

Trusting that no serious delay may be incurred as a result of directing the shipment to Hamlet, we are

Very truly yours,

Gentlemen:-

We called your attention today to a shipment made  
by us on the 17th., instant to Glass Brothers Coal &  
Lumber Co., 22 Adams, West Va. You informed us  
that shipment authorized by Cable, West Va. would  
be sent to Cincinnati, West Va.

The shipment referred to should have been made to  
Glade, West Va. and we therefore kindly request  
that you at once request your agent at Cincinnati to  
forward the shipment to Glade.

Thanking you in advance for attention extended to  
the above matter, we are,

Very truly,

Re. MASTER PATENTED METAL SCRIP

Dear Sir:-

Your favor of the nineteenth just at hand. On August 17th, 1925, we furnished you an assortment of Scrip totaling 4000 pieces assorted, on which we made you a special price on the initial order of \$30.00 per 1000 pieces.

While our price on subsequent fill-in orders is \$35.00 per 1000 pieces - we make an exception in the case of pennies, on account of the low denominational value and quote these to you at \$20.00 per thousand pieces.

Our terms are, 3% 10 days, 30 days net. F. O. B. Dayton, Ohio.

We shall take care of your requirements promptly and trust to have your order by return mail.

Very sincerely yours,

Mr. W. J. Arbogast,

My Dear Mr. Arbogast:-

The price we quoted you was 1.30 per hundred pieces for pennies and 1.00 per hundred for nickels. That's the lowest quotation we ever made. We previously charged \$2.00 per hundred pieces for pennies on re-orders and \$4.60 per hundred pieces for nickels.

On the same quantity you specified, you could pay a higher price for plain trade checks and of inferior workmanship *than* we quoted you on Patented Metal Scrip.

Of course, the assortment you specified is made up of the two smallest denominations and mostly pennies at that. For that reason the price and face value comparison is striking. Naturally it would be. However, the only fair comparison to make is also to consider the larger denominations of scrip also, which do not cost much in excess of the price quoted on Nickels. When you make a comparison in that way, you find a vast difference in the face value of the scrip, over the cost price -- the cost price being way, way less.

Let us serve you when you need Patented Metal Scrip and you can rest absolutely assured Friend Arbogast, that you will receive the the very best scrip on the market and the right kind of service at the lowest possible price.

Very sincerely yours,

My Dear Mr. Arbogast:-

The prices you quote are \$1.50 per hundred places for screws and .50 per hundred for nuts. That's the lowest possible on cast metal. It is unusually cheaped 25.00 per hundred places for screws on re-sellers and \$1.75 per hundred places for nuts.

On the same quality you specified, you would pay a higher price for plain metal screws and an inferior re-seller than you would pay on patented metal screws.

Of course, the assortment you specified is made up of the best metal in the world and is really the best of the world. The price and face value comparison is striking. Naturally it would be. However, the only fair comparison to make is also to consider the larger quantities of scrip also, which is not cost much in excess of the price quoted on screws. When you make a comparison in that way, you find a vast difference in the face value of the scrip, over the cost price -- the cost price being very, very less.

My Dear Mr. Arbogast:-

We want to thank you for your order for Patented Master Metal Scrip, which we have just received, and to assure you that it will receive both immediate and our very best attention. We have entered the order as follows;

100 Nickels-- Copper

200 Pennies-- Brass

and we confidently expect to make early shipment.

We take it that due to a mistake on your part, you made out your check for \$9.60 instead of \$8.60 which was the amount we quoted you-- a difference of one dollar. However, following our custom, since you sent check with order, you would be entitled to 5% discount on the \$9.60 namely 33¢ which makes the actual difference 87¢ not counting postage of approximately 12¢, or a total of 99¢.

We will not allow this difference, which as we have said is due to a mistake, delay the order and we are going right ahead with its execution. You may either send us a check for the difference or postage, just as you prefer, at your first convenience.

Again thanking you most kindly for the order and for the privilege of again serving you, whom we looked upon as one of our customers and wishing you the top notch of success, we are

Dear Mr. Arbogast:

We are glad to acknowledge receipt of your letter of the sixteenth in which you ask for a quotation on the following assortment of ~~MASTERS PATENTED METAL~~ COIN:

"25 pieces	1¢ Strip	Copper
25 "	10¢ "	Brass
500 "	1¢ "	Brass

Owing to the expense of setting up our Coin Press for each separate size Mr. Arbogast, we have always made it a rule not to make up less than one hundred (100) pieces of a size, and in 100 lots there is really no profit to us. We will however, be very glad to make up for you the following assortment, on which we quote you our very lowest quantity price, namely;

100 pieces	10¢	Brass
100 "	5¢	Copper
500 "	1¢	Brass

The above assortment we will make up for you for the sum of \$15.00 and we will allow you a discount of 5% for full cash with order and which case we will also pay the postage on the shipment.

Otherwise, our terms are 1/3 cash with order, balance in 30 days, J. O. B. Dayton, that is, you pay postage.

We are prepared to give you RUSH SERVICE on your order and hope to hear from you at once in the stamped envelope herewith.

We sincerely hope that you are enjoying good business and if in any way we can be of help at any time, we hope you will feel free to call upon us for information or advice, which we shall be only too glad to render you free.

F. G. HIEBLE,  
GENERAL PURCHASING AGENT

Ingle-Schierloh Company  
113 E. Second St.  
Dayton, Ohio

Gentlemen:

Your letter of October 6th received and note that the \$5.00 scrip will cost the same whether pierced or plain. Under these circumstances we will, of course, wish to have this scrip pierced with the same design used on the other items on our order #57340.

We note further what you say regarding an error in quoting on our original order. We are very sorry about this although we would not have been in position to place the order with you at \$58.00.

The price on the 1/ scrip is really too high and we can see no advantage in purchasing 1/ scrip when the cost is equal to the value of the denomination. Inasmuch as our order on the dollars was increased to 1,000 pieces, we would, of course, expect a better price than the \$3.00 price quoted in your letter. We will, therefore, expect some revision when your invoice is rendered.

We trust shipment will be made on these items at once as they are badly needed.

Very truly yours,

FGH:D

General Purchasing Agent.

October 11, 1937

Mr. F. G. Mohle, General Purchasing Agent  
HUTCHINSON COAL COMPANY  
Fairmont, W. Va.

Dear Mr. Mohle:

We have your letter of the 8th. The charge set-up on the original quantity under your order 57340, corrected to read 1,000 pieces of \$1.00 Scrip, stands as follows;

1,000	Pcs.	\$1.00	Scrip	@ \$2.85C	\$28.50	Pierced
400	"	.25	"	@ \$2.50C	\$10.00	"
3,000	"	.01	"	@ \$1.00C	\$30.00	Not Pierced
					<u>\$68.50</u>	
Loss error, referred to in ours of the sixth and conceded.....					8.00	
Not total					<u>\$76.50</u>	

300 Pcs. Escaloped \$5.00 Scrip	
-pierced-	@ \$3.50
Grant Total Not	<u>\$71.00</u>

As to the Penny Scrip price. This price was arbitrarily reduced by reason of the increased demand resulting from Sales Tax requirements. I may say to you frankly, that there is no margin - except an expense margin - at that figure. However, it isn't quite fair, in consideration of the fact that there is no relativity between the cost of the denominations above the Penny size and the face value of the U.S. Specie they displace as a credit system, to consider the Penny cost as separate unit. As a whole and as a SYSTEM, there is no comparison between the total face value and the cost of the scrip and this is the only logical and fair approach.

Our "special prices" on the Penny denomination, existing by reason of the condition noted above, are as follows;

600/1000	.....	\$1.00C	} - These prices had been set 1.00C - figures possible for us to quote under any circumstance.
25/50	.....	\$1.30C	
5M	.....	.90C	
10M	.....	.80C	
20M	.....	.72C	
30M	.....	.65C	

Why not group your Penny Scrip requirements and thereby take advantage of the higher quantity bracket prices, when next a requirement arises.

Yours cordially

J. H. Schierloh

Mr. Ward W. Crist  
New River & Pocahontas Stores  
Windber, Pennsylvania

Dear Mr. Crist:

I am sorry I have not written you sooner regarding your scrip requirements for your various stores but, I wanted to recheck my figures and check your dies.

Taking into consideration the monthly business you are doing in your stores I have arrived at what I think your scrip requirements should be in order to operate with scrip in the most efficient manner. These requirements broken down by stores is on the attached sheet.

An analysis of your dies prove them to be of the old style design, therefore, it will be necessary that all new dies be made for each store and each denomination of scrip.

Your NET PRICES on scrip will be as follows:

<u>denomination</u>	<u>1,000 to 3,000 pcs.</u>	<u>3,000 pcs. &amp; Up</u>
.01	\$20.68/M	\$17.71/M
.05	43.54/M	37.95/M
.10	48.18/M	43.01/M
.25	50.16/M	45.10/M
.50	51.59/M	46.53/M
1.00	53.68/M	48.51/M

\$5.00 pieces of scrip, 1-1/4" dia. scalloped edge - \$56.30  
per thousand, quantities of 1,000 pieces and up.

The necessary embossing dies to carry out your program will cost:

<u>Denomination</u>	<u>Charge</u>

.05	10.50 " "
.10	11.00 " "
.25	12.00 " "

At the present time we have an ample supply of 70-30 Brass, 85-15 Copper and Aluminum on hand to handle your entire order. This is, of course, subject to prior sale. Some of your scrip was formerly made of Nickel Silver but this metal is no longer available and we suggest one of the metals we have noted above.

An order developing from your inquiry would take about eight to twelve weeks before it could be completed. This is due to the great quantity of dies that would have to be made.

We certainly do appreciate this opportunity to be of service to you and expressing my appreciation for the courtesy shown me on my recent visit to your store, I am,

Very truly yours,

J. T. Winter

Vice President & Sales Manager

P.S. Would it be possible to furnish us with some sort of a priority rating that we can replenish our stock of metal. We will appreciate your checking into this.

June 9, 1925

Mr. Z. F. Sprague,  
Anchor Coal Company,  
Highcoal, W. Va.

Dear Sprague:

We are sending you herewith a sketch showing our new Patented Metal Strip designed to comply with the new West Virginia law.

Your punch-out design will remain the same, and of course you will understand that as far as the lettering appearing on the pen sketch is concerned that it was gotten up merely to show the way in which we proposed to comply with the new law, and the lettering on the scrip will appear larger and of perfect Gothic style.

While we are after as large a quantity in each case we at the same time do not believe that it will be necessary for you to double the amount of your order on dollar pieces of scrip for the purpose of alternating metal in order to distinguish the scrip which was issued on the first half from that of the second half.

Your suggestion was alright as to alternating metals for each half, and in fact up to that time suggested itself as being the only solution. Since then however, we believe we have found a better way of determining the first half scrip issuance from that of the second half.

We are advised by Mr. Koeppler, Secretary of the Pocahontas Operators Association, Bluefield, W. Va., that the coal operators of West Virginia were instrumental in putting thru this new law in order to prevent the nuisance of scrip scalping or the trading-in scrip as practiced in some sections.

The idea is to issue a non-transferable scrip which cannot be taken up by an individual merchant for instance and presented for redemption.

As far as the employee is concerned, the redemption of scrip from him is a problem that every commissary operator will find easy enough to solve. In fact they will simply refuse to redeem scrip from employees excepting in case where such employee is leaving the employ of the company.

Mr. Z. F. Sprague,  
Highcoal, W. Va.

6/9/25

Now the only question that arises for instance, is the case where John Smith may want to leave the employ of the company on the 15th, and in order to draw his full pay for the first half which lawfully does not become due until the 30th, will draw scrip up to the amount of his credit and present it for redemption on the 15th. We will say the amount involved is \$50.00, your books will show that you are indebted to John Smith for that amount which does not become due until the first of the month, so the only scrip that you will be compelled to redeem would be the amount in excess of the amount due him on the first of the month.

The attached schedule is a price list which we have worked out graduated with the quantities of each denominations ordered. On account of the cost of dies, etc., which we are furnishing gratis in all cases, we were unable to reduce the price on small quantities.

We would be glad to have your order for 1,500 - \$1.00 pieces, but do you think it would be necessary for you to have the two color coins in order to take care of the situation above mentioned?

Would appreciate an expression from you at your earliest convenience as to your opinion of the solution above outlined.

Yours very truly,

THE OSBORNE REGISTER COMPANY

Dear Wiley:

We have your letter of the 9th with sketch showing new scrip designs in compliance with our new state law.

We have considered very thoroughly your suggestion of using only one set of dollars, but do not seem to satisfy ourselves that it will entirely meet requirements and eliminate disputes. We are unable to see how the amount of credit as shown on our pay rolls could be used to determine whether or not any amount of scrip in possession of the employee is or is not redeemable on a certain date; for instance, John Jones might present \$25.00 in scrip on a regular pay day and demand the cash. Our pay roll may show that he had not drawn any scrip in the current pay, consequently, it would be reasonable for us to believe that the scrip in his possession was drawn in the previous pay, which legally would make it redeemable on the pay day presented. You can see how easy it would be for John Jones to have had another employee draw this amount of scrip to be presented for redemption by himself, knowing that we would have no evidence against him that the scrip was not due, as afore stated, our pay roll did not show that John Jones had drawn scrip since the previous pay. Of course, scrip is non-transferable, but when this is practiced between employees we have no evidence on which to refuse redemption. In this case we would have no argument under the law and would be compelled to cash the scrip. After John Jones had received the cash, he could easily draw scrip against his own account and reimburse the employee from whom he had borrowed it.

We feel that it is absolutely necessary that the scrip be self-identifying as to the due date, and in the absence of the issuing date we can see no other way of eliminating possible disputes than to alternate the dollars and issue one color the first half and another color the last half. We do not consider it necessary to show on the dollars the wording "Unspent portion", which you show on your sketch. Instead of this wording we would

Mr. W. W. Osborne #2.

prefer one set of the dollars "First half" and the other set  
"Last half".

You may enter our order for 1400 \$1.00 scrips, 700 copper  
and 700 nickel.

Your sketch is OK in every other respect.

Very truly yours,

ANCHOR COAL COMPANY,

Mr. W. G. Giddings, Gen. Auditor  
Island Creek Coal Company  
Huntington, W. Va.

Dear Mr. Giddings:

Am very sorry that I through an oversight failed to certify the destruction of all the old metal scrip that was returned to us sometime ago from Island Creek Coal Company, Ford Creek Pocahontas Company, Mallory Coal Company and Mariana Smokeless Coal Company.

At the time all of this scrip was put through a shredding machine, the count of each Company was carefully checked and found to be substantially correct, with exception of slight differences, as follows:

The count of Mariana Smokeless Coal Company was:

96 dimes short  
1 nickel "  
2 pennies "

The count of Mallory Coal Company was correct, including Exploder checks.

The count of Island Creek Coal Company was correct, with exception of \$9 pennies short.

The count of Ford Creek Coal Company was:

1 quarter short  
9 nickels over  
68 pennies short.

While our count was all by machine, which is supposed to be quite accurate, it is to be admitted that we could have made some slight errors. However, we found the count of each Coal Company to be substantially correct, at least close enough to go ahead with the destruction of this scrip without doing any double checking, and we are, therefore, in position to certify that all scrip received from each of the above Companies was placed in safe-keeping until the time of our count, which was just previous to its destruction and that none of this scrip had any chance to get misplaced, lost or stolen before it was destroyed.

We are sending a copy of this letter to each of the above Companies for their respective files.

Yours very truly,

THE OSBORNE REGISTER COMPANY

Gulf Smokeless Coal Company

Gentlemen:

We are pleased to acknowledge receipt of your metal scrip order No. 57545, but regret to have to advise that we are not permitted to make any deliveries of metal scrip except on orders bearing a rating of A-1 J or better, but with this kind of rating we could make immediate delivery.

For the past several months we have been able to furnish items made of non-ferrous metals on orders with priority ratings as low as A-10, but several weeks ago the War Production Board raised the rating from A-10 to A-1 J or better.

We, of course, thought of the importance of coal production and street railway transportation to the war effort and we filed an appeal with the W.P.B. for a permit to continue making such items as metal scrip and metal fare tokens on orders bearing priority ratings as low as A-10, but our appeal was finally denied.

The only thing that we have to suggest is scrip made of hard vulcanized fibre. We have been supplying sales tax tokens made of this material to various states for the past several months; whereas all sales tax tokens were formerly made of metal — mostly aluminum. The wearing qualities of hard vulcanized fibre have proven very good. It, of course, is not equal to metal, but in all probability will last for the duration of the war.

As to price of fibre scrip, we have prepared a new graduated price list, which will show the average cost of scrip to be about 80% below the cost of metal scrip. However, on the initial order there will be an extra die charge of \$3. for each denomination. This is because a new set of dies will be required, which will have to be cut much deeper than your dies that were used for metal.

We are prepared to furnish fibre scrip in either green or red and it will be made in the same sizes as previously furnished in metal. Therefore, all Coal Companies having Scrip Issuing Registers will be able to issue metal and fibre tokens mechanically, same as before.

Yours very truly,

THE OSBORNE REGISTER COMPANY

J. R. SHERIDAN  
GENERAL PURCHASING AGENT

November 9, 1926

Ingle-Schierloh Company,  
4th Floor, Schwind Building,  
Dayton, Ohio

Gentlemen:

This Company, until Monday last, operated store at Hugheston, W. Va., the ownership of which has reverted to Empire Fuel Company, and therefore the store cannot use the Junior Mercantile Company scrip.

The sales are around \$6,000 to \$7,000 per month. Our Store Manager estimates he wants the following metal scrip:

250 -	\$1.00
225	.50
200	.25
500	.10
500	.05

As you know the Junior Mercantile Company scrip has a pie crust edge, and I believe it would be advisable to make this Empire Fuel scrip hex agonal octagnoal, whichever you think the better.

If you feel that the assortment above listed is not the correct assortment for the amount of business in question, will you please change accordingly?

Will leave to you the arrangement of the design.

Will you kindly ship just as quickly as you can to Mr. N. E. Claypool, Store Manager, Empire Fuel Company, Hugheston, W. Va., billing the Empire Fuel Company but sending invoice to me?

I presume the rate will be about the same as recently charged for the Hutchinson scrip and what the Junior Mercantile Company have been paying.

Very truly yours,

  
General Purchasing Agent.

Mr. J. H. Schierloh,

Dear Sir:

I have your letter of November 10th.

I would have answered by wire but think  
I can handle better by mail.

You will note that we did not specify any  
pennies. The total of the amount is 1665. In  
mentioning 4,000 pieces do you have in mind using  
your pennies or U. S. pennies? I would say, in view  
of the fact that we will not use your pennies, it  
is not necessary for Mr. Claypool to have more than  
2,500 to 3,000 pieces. I am inclined to believe  
that 2,500 is enough. However, if you think he  
should have 3,000, please so arrange.

His sales for any one month this year  
have not been more than \$5,300.00.

As concerning design, I believe you are  
right and suggest you furnish round coin with "E"  
cut through it.

Please make shipment just as quickly as  
you can.

Very truly yours,

Mr. J. M. Sheridan, General Purchasing Agent,  
Junior Mercantile Company,  
Fairmont, West Va.

My Dear Mr. Sheridan:-

Yours of the 9th re, terms for Empire Steel Company, Washington, D. C. Va.--

For the amount of business specified, the same should have an assortment of at least 4000 pieces, or the manager will be under a continuous handicap.

No, they ought not have the "pin-point edge" style - but it is currently low. Let us soon recognize the situation. If you'll recall, we once stated to you that we had tried this out and it proved far from satisfactory - consequently made much the corners of the coin being sharp etc. and getting the products. However, the experience has nothing to boast of.

Why not Mr. Sheridan, let us make them up a supply of round metal with a letter "E" cut through it - that will give them sufficiently distinctive scrip.

On the above quantity of 4000 pieces we will make them a price of 10.20 per hundred pieces - but on any renewal orders from the same order, we will in this case, as we agreed to do in the Hutchinson case, make the same price as quoted Junior Mercantile Company.

Now we would very much prefer your O.K. before proceeding, since the quantity we feel they should have is larger than they specified -- but we're here to give you the benefit of our experience, and that alone dictates the quantity we specified.

So, if you will please wire us on receipt hereof to go ahead, you may safely leave the balance to us - we'll put our very best effort behind the order. Also, accept our very sincere thanks, as well as our good wishes for your success.

Very truly yours,

J. R. Schirlich-3

Dear Mr. South:-

Thanks for remittance in full of John Roval a/c.

I note that you have taken over John's business. Say, it's too bad that didn't occur sooner, so you could have had your name on the scrip and have derived the benefits in the way of advertising that your own name on the Metal Scrip would bring you. We sincerely regret that.

I'll tell you what we will do in this case, Mr. South - if you want the same supply of scrip made up with your name, we'll just knock 30% off the price to you in this case.

You are probably aware that many of the stores in the vicinity of Morgantown are users of our Patented Metal Scrip.

Suggest you drop us a line on this. We wish you every success and if at any time we can be of service, we are yours to command.

Very sincerely yours,

Dear Mr. South:-

We were pleased to hear from you again and take pleasure in quoting you our very lowest price of \$19.00 for one thousand copper pennies made up same as last for Mr. John Royal, if made up in the name of the C. & E. Store Co., the price would be \$25.00. I thought maybe as you were ordering additional scrip you would want to swing over to the new name.

Let us hear from you by return mail and your wants will have our immediate attention.

Dear Mr. South:

We are anxious to have your answer to our quotation of the 19th on 1000 ~~MAILED~~ PATENTED METAL SCRIP pennies.

The Scrip Penny is the only size, the cost of which is somewhat higher than the face value. The cost was reduced because of this fact, though it requires as much time and expense to produce the Penny size as it does the other sizes--there is very little difference in material cost.

Bear this fact in mind however. When any of the larger pieces are lost by your customers and need to be replaced, then the big difference between the cost and face value is in favor of the store and very easily offsets the slight difference the other way, on the pennies.

Awaiting receipt of your order and wishing you every success, we are

Sincerely yours,

General Manager.

Dear Mr. Davis:-

We are sorry that you are not using our  
series of scrip certificates. Under our cash-on-order  
policy, we can only print and deliver in small lots and we have to  
wait times that you would not like to wait.

We do hope to be able to give you the privilege of ordering your  
scrip certificates in the future, and we depend upon  
the very best service it is possible to render. You can't afford  
not to use scrip scrip, since to use regular pennies would disturb  
your record of scrip certificates, which is very important for  
you to know. We wish to be possible for us to give you a lower  
price than we did, but that price had been paid by some of the  
very biggest users of scrip who order in very large quantities.

Give us your answer at once please.

Very cordially yours,

General Manager.

Mr. A. J. Baker, Buyer,  
Cabin Creek Consolidated Coal Co.,  
Kayford, West Va.

Dear Sir:-

It gives us pleasure to quote you on your Patented Metal Scrip requirements for your several stores, as follows:

Acme	210,000	Business	5000	Pieces Assorted Scrip 1/2"	Price	\$187.50
United	18,000	"	8000	"	"	\$131.25
Warrior	8,000	"	1800	"	"	56.25
Cherokee	5,000	"	2000	"	"	75.00
Ohley	10,000	"	1000	"	"	67.50

Warrior 25 1/2" size - 50 pieces each. P.O.B. Dayton, O.

We are confident Mr. Baker that you will be more than pleased with the type of Scrip we are in position to furnish you. In Patented Protection and Unimpeachability it is second to none. It is worded in exact accordance with the requirements of the recently enacted Scrip Statute.

We shall esteem it a privilege to serve you, and if favored with your order, we shall give each and every detail our very best and closest personal supervision. With this assurance on our part we do trust that you will see it to your decided advantage to favor us with your business.

Thanking you in advance for favorable consideration, believe us,

Very truly yours,

JHS-3

Wm. L. Schierloh Company.

P. S. It is of course understood that you may have the Scrip, with or without the special wording as shown on the enclosed piece. As the enclosed 50¢ piece was taken from a "run", will you please return same in the enclosed stamped envelope. Thanks.

October 12, 1928.

R. J. Baker, Buyer,  
Dublin Creek Consolidated Coal Co.,  
Baltimore, Md.

Dear Sir:-

I wish to correct the quotation on Patented Metal Scrip recently submitted for your several stores.

After our conversation relative to price of 1/2 scrip, I had figured to furnish these to you, as a special concession at 1.00 per hundred, regardless of our production cost. It seems that I failed to make myself clear on this when I submitted your requirements to our office with a request that they submit quotation.

According to our assortment there would be 4000 pennies in your total order, and such a quantity of 1/2 scrip at least gives us a pretext for reducing the price, especially if your scrip is made from one set of dies, though we will make each store's scrip separately if desired.

Our revised quotations are as follows:

Acme	\$146.25	(Same quantity of Scrip as previously specified)
United	\$108.75	"
Warrior	45.25	"
Cherokee	58.50	"
Ohley	58.75	"

At the above reduced figure, Patented Metal Scrip in all probability doesn't cost you more than a single supply of paper coupons or average purchase of coupons, but with Patented Metal Scrip your first cost is the whole cost, plus genuine satisfaction and profit.

If we be favored please with your order promptly? Be assured it will receive our very best attention. We await your kind reply.

Very truly yours,

ENC-3

Dear Mr. Baker:

We have the necessary patterns for replenishing your supply of Western Metal Scrip in the Acme Stores but we do not have any record of making the Scrip for your payed store. Possibly Cherokee Ohley or Harrier is the name we show for Wayford.

Our prices for replacements are as follows:

In lots of 1000 pcs. or less assorted	\$4.25 per C
In lots of 2000 pcs. " "	4.00 per C
In lots of more than 2000 pcs. " "	3.75 per C

These prices are based on furnishing scrip with cut out as previously furnished. We will give you as prompt delivery as possible, which at the present time will be within five or ten days.

Assuring you that it will be a pleasure to serve you again, we remain

Gentlemen:

We wish to apologize for not shipping your order for 4,000 pieces Master Metal Screen before now. Through some inexplorable cause your order was filed as a filled order and was noticed today that it had not been filled. We are rushing it through our plant and shipment will be made on Friday, August third.

This error is regretted very much by us and we assure you that we have taken steps to eliminate this trouble in the future.

Dear Sir:

The Master Metal Series for the Keyford store will be shipped not later than Saturday of this week.

We experienced some difficulty in filling your order as the piercing die broke several times and it required replacing with a new one which made it take longer than we really anticipated to fill your order.

We are sorry that this occurred but it was beyond our control and we hope you will bear with us in this instance.

Dear Mr. Jarrett:

Replying to your letter of July 22nd on subject of metal scrip in one cent denomination.

I regret to advise that we do not handle metal scrip. However, I am pleased to ~~refer~~ refer you to the INGLE-SCHIERLOH COMPANY, 113-115 East Second Street, Dayton, Ohio.

I am sure that these people will be pleased to quote you and can recommend the firm and its product highly. In many cases where we install our systems and metal scrip is placed in use the scrip has been supplied by these people. I have never heard of anyone dealing with them being dissatisfied.

If I can be of further service in any manner please advise. With best wishes, I am,

Very truly yours,

  
SALES AGENT

Friend Schierloh:

This letter is in reply to a request for quotation on 1¢ scrip. These people are at present using metal but I recently sold them a dose of registers for 5 stores and I am inclined to think they will require more.

Att. Mr. J. E. Garrett.

Gentlemen:

Your letter of the 26th, addressed to National Cash Register Co., Charleston, regarding 1 1/2 metal scrips, has been referred to us.

In November, 1928 it was our privilege to receive your order for twenty metal scrips of all denominations, covering 1 1/2 blades, for the following values - one, United, Marston, Miller and Superior, all of which scrips have the selected design and once imprinted, including delivery, London, E.

While the 1 1/2 scrip is no less useful to manufacturers than the other denominations, we have on re-order, since the scrips had already been made up, made a slight concession in price, due to the low manufacturing value. This price is \$5.00 per thousand. While we have no dice of the 1 1/2 size in stock for your company, yet in view of the fact that you are users of our scrips, we shall be pleased to make you the same figure, terms net, I.O.B. Dayton, O.

We are pleased to give you about every 10 to 15 scrips and piercings as shown by your other scrips, also very prompt service.

Trusting we may be favored with your order at once, we are

Yours truly,

Friend Spencer:

Yours last to me with respect recommended I let  
you know of the results of my other correspondence.

It is hard to say whether or not I should  
write you in the future, but I am sure that, no  
matter how much I may be able to do for you, all  
my efforts must be directed toward the best  
of your health and happiness, and I am sure that  
you will be able to do this for me.

I am sure that I will be able to do this for  
you, and I am sure that you will be able to do  
this for me, and I am sure that you will be able  
to do this for me, and I am sure that you will  
be able to do this for me.

I have written you recently in regard to the  
fact that I am sure that you will be able to do

Att. Mr. H. B. Barrett

Gentlemen:

You fail to say in your letter of the 11th how many 1/2 checks you are in the market for, but we suppose you will not want less than 1000 so we are quoting on that basis--

Aluminum	- -	10.89 per 1000
"	- -	10.12 " additional 1000
Brass & Copper	- -	12.83 " 1000
"	- -	12.09 " additional 1000
Nickel Plated	- -	Add 15% to Brass & Copper prices
Nickel Silver	- -	Add 25% to Brass & Copper prices
Diecing design through each check	- -	\$2.50 per 1000

For price on additional 100 pieces (over first 1000 lot)  
pro rate price of additional 1000 pieces.

The prices given include your name or any special  
wording on one side and the wording "GOOD FOR 1/2 IN. THICK"  
on reverse side. The word MERCHANDISE may be substituted  
for the word TRADE if desired.

All prices quoted above are net, P. O. B. Dayton, Ohio.

We have unequalled facilities for quality  
checks in any quantity, regardless as to how large or  
small and are prepared to give you immediate service.

Gentlemen:-

Approximately a year ago we had up with you the matter of 1/4 Scrip but our file fails to reveal any reply to our quotation and subsequent letters.

We write to say that we are now situated to furnish Master Patented Metal Scrip in the 1/4 denomination, in lots of 5000 pcs. or more, at \$15.00 per thousand. Terms net and F.O.B. our factory.

This is the lowest price ever proposed on master metal scrip, pierced, and would prove an inducement to place your order now for prompt attention.

Attn: Store Buyer.

Gentlemen:

We are writing to the larger users of Patented Metal Scrip, whose records indicate as never having purchased 1/4 scrip, making them a special offer and inducement, to enable them to complete their scrip set-up, providing 1/4 pieces are required.

Briefly, though it resolves itself into an actual loss against production cost, due to the fact that we have learned of difficulties being experienced here and there as a result of trying to use U.S. Pennies along with the balance of scrip denominations, we propose to make up a lot of 5000 pennies, without piercing for the sum of \$50.00. These 1/4 pieces will be made to correspond with the balance of your scrip except, as stated, they will not be pierced. This figure will allow you to duplicate any lost pieces, once purchased, without financial loss to you.

We should appreciate an expression from you promptly.

Cordially yours,

Gentlemen:

We are in the market for some metal scrip pieces and particularly with regard to 1¢ pennies we are interested in a style other than round. We note one of our neighbor companies, Wyatt Coal Co., has secured from you square aluminum pennies. Since they are quite near us we would, of course, be interested in something that would not be easily confused with theirs. Consequently, we will appreciate your advising if you would have a octangular or other style available, which we could consider. It would probably require a fairly large quantity for us.

We are also in the market for approximately 3,000 pieces 10¢, 4,000 pieces 25¢ and 2,000 pieces 50¢ metal scrip. Our last scrip purchased from another source was brass, which has proved very durable.

Quotation at your earliest convenience together with sample material will be appreciated.

Very truly yours,

Dear Sir:

This will acknowledge your letter of September 17 relative to our scrip inquiry.

We note your quotation on 25¢ 1¢ pieces. In addition, furnish us with quotation on 40¢ of this item--that is, in brass.

Also, we are submitting a sample of our present 10¢ and 25¢ piece. This size, which we have been using, has been satisfactory and the new would be desired on the same order with the same information on both sides as we now have. Also, if there would be any saving involved we could forget about the piercing with the figure "1". We would desire the same information on the 50¢ piece as we now have on the 25¢ and 10¢ pieces.

Do you have a sample of what the scalloped penny piece would be like?

Upon receipt of the above information we will decide regarding purchase.

Very truly yours,

Gentlemen:

We have searched our records carefully and also our stock of Master Metal Scrip dies for a die showing where we made Master Metal Scrip in the 25¢ and 50¢ denominations for your Hampton store but were unable to do so.

The 5¢ pieces are made of nickel and the 10¢ pieces of brass but we do not know what metals should be used in making your 25¢ and 50¢ pieces. Will you kindly let us know so we can go ahead with your order.

We also want to mention that on account of the high cost involved in setting up a die we always make 100 pieces of a given denomination. Therefore, if this is agreeable to you we will change your order to read 100 pieces 25¢ size, 100 pieces 50¢ size, 100 pieces 10¢ size and 100 pieces 5¢ size.

We are in a position to go ahead with your order so the quicker we hear from you the quicker we will be able to ship your Master Metal Scrip.

Yours truly,

Gentlemen:-

We are advised by Mr. R. B. Short,  
Asst. Treasurer, 1522 Union Trust Building,  
Cincinnati, Ohio that he placed an order with you  
under date of May 18th for metal scrip for the  
following Companies.

Houston Coal & Coke Co., Elkhorn.  
Keystone Coal & Coke Co., Keystone.  
Houston Collieries Co., Maitland.

Will you please advise just when we  
may expect delivery. We are very much in need of  
this scrip, and will appreciate it if you will rush  
delivery with the least delay possible.

Dear Short:-

We hate like the very dickens to be worrying you constantly in this matter, but my dear fellow, we haven't got a superfluity of "lubricant" and for that reason and that alone do we trouble you.

Give us a lift at once for at least the two oldest items on the list, Thacker #11 and Keystone - statements herewith - and don't feel unkindly toward us for the asking. If our "cable-tow" were longer would be quite different.

Very truly,

ATTN: MR. EARLY:

Gentlemen:-

As soon as you ascertain your needs by way of additional one dollar scrip, pursuant to our recent correspondence, we shall be pleased to hear from you and give your wants our very best attention.

Mr. Mr. Short on the 9th and he stated, that in connection with this matter of additional scrip we would hear from you direct.

Since we only quoted on additional one dollar pieces, we thought best to submit, for your files, our quotation on additional pieces of all the denominations, as follows:

	PRICE PER ONE HUNDRED PIECES
	1.00 .50 .25 .10 .05 .01
First 1000 pos. or portion thereof	3.25 3.10 2.60 2.55 2.75 1.90
Second "	3.00 2.85 2.75 2.60 2.60 1.70
Over 2000 "	2.75 2.60 2.60 2.35 2.25 1.50

Above prices on "fill-ins" based upon scrip quantities made from the same die -- i.e. not assorted as to stores.

Terms: 3% 10 days; 20 days net. F.O.B. Dayton, Ohio.

Material- same as last.

These prices are right. As to service, we promise you that your wants will always have our very best endeavor.

Dear Sir:-

We are just in receipt of the following orders for additional  
Patented Metal Scrip--

1186--Tidewater Coal & Coke Co., Kimball, W. Va.  
750 Pieces Dollars-same as last.  
1716--Keystone Coal & Coke Co., Keystone, W. Va.  
1000 Pieces Dollars-same as last.

Accept our thanks and the assurance that immediate attention  
will be given these items.

Your Mr. Weller of Thacker Coal & Coke Co., wrote us on the 18th.,  
advising that they were running short on some denominations of scrip.  
Presume you have been informed of this and that the matter will have  
your attention in due course. Would appreciate however, your placing  
your order as early as you can, allowing us as much time as possible  
in the execution of the order, to avoid any possible handicap.
